HAIR COUTURE

In the quiet milieu of Palais Renaissance on Singapore's Orchard Road, you'll find the chic hair and beauty salon, Casey Inc, owned by a style pioneer who trained and worked in London with Vidal Sassoon, Robert Fielding and Alan International.

Casey Chua is loved for both his high-quality hair colouring and his relaxed approach to hairdressing. Though he has attended to a long list of celebrities, including Hillary Clinton, Chinese actress Gong Li, Hong Kong actress Maggie Cheung, fashion designer Donna Karan, Princess Charlene of Monaco and Princess Marie-Chantal of Greece, Casey is passionate about creating wearable hairstyles for regular men and women.

Casey Inc opened its doors in 1982, and today the salon provides hair, beauty and nail services. Most popular are its signature treatments: Brazilian Keratin Anti-Frizz Treatment; scalp and hair treatments for oily, dry and damaged hair, and hair colouring and air-wave perms.
